## PARTY HIGHLIGHTS

- Noise Complaint has hosted notable international acts such as Jimmy Edgar, Bixel Boys, Louisahhh, Gina Turner and more.
- Kremwerk boasts a 250 person cap main room with a 150 person cap auxiliary room, and Noise Complaint is consistently near capacity for every event.
- Recently installed custom built Turbo Sound system.
- Noise Complaint's resident DJ, Subset is an internationally touring DJ with 5+ years experience running a weekly event at NYC's Webster Hall and a history of curating unique, intimate events around the world.
- In less than a year, Noise Complaint has become the hottest party in Seattle as crowds migrate from the larger clubs into more intimate venues with a better vibe and more focus on the music.

## MISSION STATEMENT

As Electronic Dance Music has exploded in popularity over the last several years, so have crowds and ticket prices along with it. In the beginning, events were held in underground, often intimate venues. It was about the music, and it was about each other.

We want to bring it back to its roots. We want to bring in top quality talent, at a small price in an intimate space. We want it to be about the music and we want it to be about you. We want it to be a party again.

Noise Complaint is more than just a party, it's a movement. Join us 2nd Fridays at Kremwerk and become part of the family.
